

Construction of upgrades and improvements to Gloucester County Solid Waste Complex, Phase VII Development – Construction of Landfill Cell 15, in the amount of \$8,039,934 were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (Infrastructure Bank) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the Infrastructure Bank to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits, specifically, protecting the groundwater and surface water quality of receiving waters for residents and businesses along Monroeville Road, South Harrison, New Jersey.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
